House of Worship Training Options

Supervising Food Safety with Volunteer Workers (2 CEUs)

Cost \$35

Schedule: visit www.touchpointresourcepool.com for calendar of classes.

This workshop is designed to prepare a volunteer leader to manage key food safety principles and give proper direction to volunteer workers before and during a feeding event. We will cover:

- The details of the exemption for churches
- Assuming authority to manage the food for an event
- Key principles for procuring, storing, prepping, cooking and serving food
- Understanding the risk involved
- Tips for success

A hosting church will provide the facility arrangements and help with local marketing.

It is our goal to help the churches become a resource for the community and we are anxious to find partners all over Minnesota to work with. This course meets the state of Minnesota requirement for volunteer feeding events.
